Camper registration is complete and we are now preparing to assign campers to cabins. We try to arrange for each bunk to have a number of campers who are already friendly as well as several new campers. This prevents any one group from becoming dominant and permits the development of new friendships.

If, in the rare and unlikely event that you feel a particular camper should NOT be placed with your child, please give us that information as well. The information is helpful and will remain confidential.

Please indicate above your child's preferences regarding bunkmates. While we try to accommodate all requests, please bear in mind that we cannot make any promises or guarantees.

**REQUESTS THAT ARRIVE AFTER APRIL 15TH CANNOT BE GIVEN CONSIDERATION !!!**

You will be advised of your child's bunk assignment when we send out Bus Boarding Passes before departure for camp. Please do NOT call the office for this information as it will not be available before that time.

\* First Time Campers may list fewer than 3.
