

Summer 2008

Dear Parents:

Last summer, Camp Morasha offered the service of delivering personal water bottles to our campers. In prior years, parents have had the tendency of shipping cases of water to their children via UPS, sending them to camp with guests or schlepping them up on Visiting Day. In order to simplify matters, the camp now delivers cases of water directly to the campers in their bunks.

Once again, this summer we will offer 24-pack cases of 20 oz. water bottles in camp for sale and for delivery to campers and staff. The price per case is \$12.00 (50 cents per bottle). The order must be paid in advance through the office and will be delivered by our Operations Staff directly to your child's bunk. If you order more than one case, we can deliver all the cases at once or send the second case when the first is depleted. Orders and delivery are for full cases only. Bottles will not be sold individually.

The delivery of water bottles is just another way in which we are trying to help improve the quality of life for our campers and their families. Thank you for your cooperation.
